

Hyde County CTP Committee Meeting

May 16, 2011 - 2 PM
Ocracoke Community Center

Attendees:

Lauren Nicholls
Steve Lambert
Leslie Lanier
Rudy Austin

Scott Walston
Jerry Jennings
Robin Payne
Janet Sears Russ

A. COMMITTEE UPDATE

Lauren announced we would not be having a June meeting to allow for the surveys to be taken throughout the county.

B. PUBLIC SURVEYS

Lauren talked about the surveys. Steve Lambert passed out the hard copies to Robin for the island and Janet for the mainland. Lauren said she will email out the Spanish versions..

C. ROADWAY GROWTH RATES

Lauren explained the growth rate spreadsheet. There were some disgressions by Jerry Jennings about the numbers for NC 12. He said we should use the ferry counts coming from hatteras since they give the most accurate statistics to the amount of vehicles coming on the island. Lauren explained that most of the roads would get a final growth rate of 1.5%.

D. 2005 OCRACOKE TRANSIT PLAN

Lauren went thru the transit plan that was already done. She explained the routes, one from the pony pen and one looping around the town. One change would be having the longer route going all the way to the Hatteras Ferry. There was some discussion on stops and park and rides. This will be discussed further at a later meeting after Robin discusses this with the Ocracoke Committee.

Robin also asked about a drainage plan. Jerry Jennings stated that we could map out all locations of these areas and add them to the appendix of this map. He also stated that any

areas that are pointed out, that DOT could look into each spot and find out the issue and/or problem.

E. NEXT MEETING

We have planned to have our next meeting on Mainland on July 25.

F. ADJOURN
